To the extent any statements made in this release contain information that is not historical, these statements are essentially forward-looking statements regarding our anticipated financial results and estimates, business prospects and products in research and under going development, all of which involve substantial risks and uncertainties. Such risks and uncertainties are not predictable or quantifiable; consequently, should known or unknown risks or uncertainties materialize, or should our assumptions or estimates prove inaccurate, actual results could differ materially from those expressed or implied by such forward-looking statement. For further details and a discussion of such risks and uncertainties, we encourage you to read Forward-looking Statements found in our Annual Report on Form 10-K for the fiscal year ended March 31, 2001, and in our periodic reports on Forms 10-Q and 8-K (if any).

We assume no obligation to update any forward-looking statements presented here today, whether as a result of new information, future events or otherwise.
