Mylan Launches Generic Tricor® Tablets

PITTSBURGH, May 17, 2013 /PRNewswire/ -- Mylan Inc. (Nasdaq: MYL) today announced that its subsidiary Mylan Pharmaceuticals Inc. has shipped Fenofibrate Tablets, 48 mg and 145 mg. Mylan Pharmaceuticals Inc. received final approval from the U.S. Food and Drug Administration (FDA) for its Abbreviated New Drug Application (ANDA) for this product, which is the generic version of Abbvie Inc.'s Tricor® Tablets. Fenofibrate Tablets are indicated as adjunctive therapy to diet to reduce elevated low-density lipoprotein cholesterol (LDL-C), total cholesterol (Total-C), Triglycerides and apolipoprotein B (Apo B), and to increase high-density lipoprotein cholesterol (HDL-C) in adult patients with primary hypercholesterolemia or mixed dyslipidemia. Fenofibrate Tablets also are indicated as adjunctive therapy to diet for treatment of adult patients with severe hypertriglyceridemia. Fenofibrate at a dose equivalent to 145 mg has not been shown to reduce coronary heart disease morbidity and mortality in a controlled trial of patients with type 2 diabetes mellitus.

Fenofibrate Tablets, 48 mg and 145 mg, had U.S. sales of approximately \$1.2 billion for the 12 months ending March 31, 2013, according to IMS Health.

Currently, Mylan has 178 ANDAs pending FDA approval representing \$83.1 billion in annual sales, according to IMS Health. Thirty-four of these pending ANDAs are potential first-to-file opportunities, representing \$22.4 billion in annual brand sales, for the 12 months ending June 30, 2012, according to IMS Health.

Mylan is a global pharmaceutical company committed to setting new standards in health care. Working together around the world to provide 7 billion people access to high quality medicine, we innovate to satisfy unmet needs; make reliability and service excellence a habit; do what's right, not what's easy; and impact the future through passionate global leadership. We offer a growing portfolio of approximately 1,100 generic pharmaceuticals and several brand medications. In addition, we offer a wide range of antiretroviral therapies, upon which approximately 40% of HIV/AIDS patients in developing countries depend. We also operate one of the largest active pharmaceutical ingredient manufacturers and currently market products in approximately 140 countries and territories. Our workforce of more than 20,000 people is dedicated to improving the customer experience and increasing pharmaceutical access to consumers around the world. But don't take our word for it. See for yourself. See inside. mylan.com
