Coury continued: "I have been looking for a CFO who possesses the necessary skills, instincts and qualities to lead the company's global corporate finance organization, and I am extremely pleased to have Jolene join Mylan's senior management team in this capacity. In addition to all of her career accomplishments, which speak for themselves, her ability to lead was a quality that impressed me from the start. Her cultural fit and requisite skill set will serve Mylan well now and into the future."

Varney commented: "I am very excited to join Mylan as CFO. Mylan is a highly regarded global pharmaceutical company, and I have been impressed with its growth and results. I very much look forward to contributing to the company as it continues its journey to become the most efficient global generics and specialty pharmaceutical company in the world. Having spent my career in many areas of finance and in operational roles, this is an exciting opportunity for me to lead Mylan's global finance organization."
